MONROVIA – *FrontPageAfrica* has gathered from impeccable sources that there is at least a case of Coronavirus (COVID-19) in the country.

Details surrounding this case remain scanty, however, this paper gathered that a government official returning from overseas voluntarily asked to be tested upon entry into Liberia. He tested positive and has since been quarantined.

*FPA* further the Ministry of Health and the National Public

Health Institute of Liberia (NPHIL) are in an emergency meeting over this case.

*More details to follow soon.*
